## PROGRAMME RESOURCE MANAGER

How would you describe DPI in three words?

- Precise
- Reactive
- Everywhere!

If you weren't a programme resource manager, what would you be?

If I weren't a programme resource manager I would be living close to a beach, somewhere hot!

What do you enjoy about your role?

Having worked within DPI for over seven years now I can honestly say that I genuinely enjoy meeting people and travelling to new work destinations.

Despite the high pressure nature of my role, working alongside like-minded hard working colleagues is something that I never tire of.

If you could give one piece of advice to a new starter, what would it be?

We are very fortunate to have a large number of extremely industry intelligent people working at DPI, as such my recommendation would be to ensure you listen well and work hard.

Tell us something about yourself that we wouldn't know?

I love spending time cooking in the kitchen. I have also started the couch to 5k challenge to try to get fitter and to counteract a side effect of the eating which naturally follows the cooking!
